

And go quickly and tell  
His disciples that

**He is Risen**

Matthew 28:7

Christ is Risen! Lent, and especially Holy Week, gives us a powerful insight into God's love for us.

The Easter story is the Cinderella story that we need. The lowly, the weak, the broken, and the hard to love are the ones Jesus picks to share his story and spread Christianity. Because of them, we gather here today to bear witness to the miraculous love of Jesus. The beauty of this story is that we, in spite of our imperfections, our idiosyncrasies, and our weaknesses, are also invited to participate. The ultimate prize is eternal life with Jesus, and there is no better ending than that.

Happy Easter! May you experience the resurrected Christ in your daily life.
